PARENTAL SUPPORT - THE KEY TO PEAK PERFORMANCE

The role that parents play in the life of a soccer player has a tremendous impact on their experience. With this in mind, we have taken some time to write down some helpful reminders for all of us as we approach the upcoming season. If you should have any questions about these thoughts, please feel free to discuss it with us, the coaches.

1. **LET THE COACHES COACH:** Leave the coaching to the coaches. This includes motivating, psyching your child for practice, after game critiquing, setting goals, requiring additional training, etc. You have entrusted the care of your player to these coaches and they need to be free to do their job. If a player has too many coaches, it is confusing for him and his performance usually declines.
2. **SUPPORT THE PROGRAM:** Get involved. Volunteer. Help out with fundraisers, carpool; anything to support the program.
3. **BE YOUR CHILD'S BEST FAN:** Support your child unconditionally. Do not withdraw love when your child performs poorly. Your child should *never* have to perform to win your love.
4. **SUPPORT AND ROOT FOR ALL PLAYERS ON BOTH TEAMS:** Foster teamwork. Your child's teammates *are not* the enemy. When they are playing better than your child, your child now has a wonderful opportunity to learn.
5. **DO NOT BRIBE OR OFFER INCENTIVES:** Your job is *not* to motivate. Leave this to the coaching staff. Bribes will distract your child from properly concentrating in practice and game situations.
6. **ENCOURAGE YOUR CHILD TO TALK WITH THE COACHES:** If your child is having difficulties in practice or games, or can't make a practice, etc., encourage *them* to speak directly to the coaches. This "responsibility taking" is a big part of becoming a big-time player. By handling the off-field tasks, your child is claiming ownership of all aspects of the game - preparation for, as well as, playing the game.
7. **UNDERSTAND AND DISPLAY APPROPRIATE GAME BEHAVIOR:** Remember, your child's self esteem and game performance is at stake. Be supportive, cheer, and be appropriate. To perform to the best of his abilities, a player needs to focus on the parts of the game that they can control (his fitness, positioning, decision making, skill, and aggressiveness, what the game is presenting them). If he starts focusing on what he can not control (the condition of the field, the referee, the weather, the opponent, even the outcome of the game at times), he will not play up to his ability. If he hears a lot of people telling him what to do, or yelling at the referee, it diverts his attention away from the task at hand.
8. **MONITOR YOUR CHILD'S STRESS LEVEL AT HOME:** Keep an eye on the player to make sure that they are handling stress effectively from the various activities in his life.
9. **MONITOR EATING AND SLEEPING HABITS:** Be sure your child is eating the proper foods and getting adequate rest.
10. **HELP YOUR CHILD KEEP HIS PRIORITIES STRAIGHT:** Help your child maintain a focus on schoolwork, relationships and the other things in life besides soccer. Also, if your child has made a commitment to soccer, help him fulfill his obligation to the team.

PARENTAL SUPPORT - THE KEY TO PEAK PERFORMANCE - CONTINUED

11. **REALITY TEST:** If your child has come off the field when his team has lost, but he has played his best, help him to see this as a "win". Remind him that he is to focus on "process" and not "results". His fun and satisfaction should be derived from "striving to win". Conversely, he should be as satisfied from success that occurs despite inadequate preparation and performance.
12. **KEEP SOCCER IN ITS PROPER PERSPECTIVE:** Soccer should not be larger than life for you. If your child's performance produces strong emotions in you, suppress them. Remember your relationship will continue with your children *long after* their competitive soccer days are over. Keep *your* goals and needs separate from your child's experience.
13. **HAVE FUN:** That is what we will be trying to do! We will try to challenge your child to reach past their "*comfort level*" and improve themselves as a player, and thus, a person. We will attempt to do this in environments that are fun, yet challenging. We look forward to this process. We hope you do to!

REFEREE CODE OF ETHICS

In any organized type of athletic contest, it is the official who controls the conduct of the game and to a great degree, the temperament of the crowd. In addition to enforcing the rules of the contest, the official is charged with the responsibility of maintaining order and minimizing the possibility of injury to the individual participants.

Referees are required to attend a referee training session to obtain F.I.F.A. certification.

The ideal official is the one "who notices everything, but is seldom noticed himself". The following Code of Ethics and behavior has been drawn up to exemplify this ideal referee.

A GOOD REFEREE SHOULD:

1. Know the rules, rule changes, and mechanics of officiating.
2. Be on time for the game. Allow enough time for a pre-game conference with each coach. Cover all game duties properly.
 - a. Check both goals to ensure they are properly secured.
 - b. Sign the referee sign-in sheet next to your name.
3. Look like a referee. Be proud of the appearance that you make on the field. Be well equipped. Whistle, watch, and rulebook are absolute necessities.
4. Be prepared to be physically in the game and mentally alert. Blow your whistle loud enough to notify the teams and coaches there is a stoppage in the game. Stay on top of the play, but out of the way.
5. Do not use abusive language or profanity at any time.
6. Address all players by their number and coaches by their title: "Coach", "Sir", or etc. Avoid using first names while performing as a referee.
7. Do not hesitate to explain rules and calls.
8. Do not use a dictatorial approach. Respect the players and inform them that you expect the same conduct in return. Be courteous and considerate without sacrificing firmness.
9. Always deal with actions that could result in injury to a player. Maintain control of the game through good officiating.
10. Be pleasant but firm and alert. Maintain poise and calmness at all times. You cannot afford to "lose your head". Knowing the rules and mechanics of refereeing can help, but this must be applied with common sense.

**Maintain your "cool" with an irate coach. Do not argue. You cannot win. Remember,
"When emotion takes over, reason flies out the window".**

COACH'S CODE OF CONDUCT

- Promote teamwork, learning and fun.
- Coaches will only conduct practices on times approved by TYSL coordinators.
- Recognize that player's physical and emotional well-being takes precedent over the desire to win.
- Coaches are there for both teams on the field.

- Coaches will promote and demonstrate respect and good-sportsmanship to all players, coaches, officials and parents.

MEDICAL INFORMATION POLICY

TYSL wants to insure the wellbeing of all players/referees. During the registration process, a parent/guardian of each player/referee electronically signs a Medical Agreement Form. By the parent/guardian electronically signing this form, it provides authorization to seek medical or dental help for the player in case of an accident in the event the parent/guardian is unable to be contacted. This care may be given under whatever conditions are deemed necessary to preserve life, limb or wellbeing.

The Medical Agreement Form also attests to the fact that, to the best of the parent's/guardian's knowledge the child does not have any condition which prohibits or severely restricts his/her participation in soccer and that the parent/guardian has been advised that the child should refrain from participating in the type of activity associated with the sport of soccer.

Coaches may log onto their team account to print out a copy of the medical report for their team.

Coaches should have a copy of the medical agreement report with them at every practice and game.

PICTURE RELEASE POLICY

TYSL is interested in promoting soccer in the local area. During the online registration process, a parent/guardian will be asked to electronically sign a photo release form to give permission to TYSL to use a portrait, picture, photograph, and/or video of the player for the sake of publicity for TYSL.

*** UNDER NO CIRCUMSTANCES WILL THE PLAYER'S NAME AND ADDRESS BE POSTED OR PROVIDED. ***

SOCCER EQUIPMENT POLICY

Each season coaches for U10 and above are provided equipment to be used during the season. Equipment will consist of a soccer bag with approximately 3 balls (size appropriate for the respective division); pinnies; cones (approx. 10); air pump and the coach's manual.

Since we are a non-profit organization it is imperative to receive the equipment back at the end of the season. TYSL will require all coaches to sign a document stating they will return all equipment at the end of the season but prior to the issuance of trophies. Each coach will be solely responsible for any costs incurred by TYSL to replace the soccer equipment in the event they do not return all equipment by the last game of the season.

COACH DEVELOPMENT

TYSL is committed to providing continuing education for new and veteran coaches.

Training is offered every season. Division coordinators will contact coaches via email with details.

Division coordinators will be providing information on a web-based training program covering the dangers of concussions and what coaches can do to keep players safe.

In addition to training, there are a number of online coaching resources. Links are provided on the TYSL website. From the TYSL Home Page, click on Coach/Parent Info; the links are listed under Coaches' Information.
